Nishant Bansal

As an accomplished web designer, I possess a wealth of experience in crafting visually stunning and intuitive websites. With expertise in UI/UX design, front-end development, and responsive design, I have successfully translated creative concepts into digital realities. My dedication to merging aesthetics with functionality has led to the creation of websites that captivate audiences and drive tangible results.

Software Developer Freelancers

Here I worked as a freelancer in software development from where I made many projects which included website development, mobile application development and college projects. I work very well in front end in which I design websites with wolf animation.

July 2023 – November 2023

Computer Operator

J.M Power Technologies Pvt. Ltd.

J.M Power Technologies Pvt. Ltd. Here I worked as a computer operator where my job was to troubleshoot customer problems, store their data and apply solar applications.
